

# Oregon Sea Grant

Organizational Structure (based on [OSG Org Chart Nov-23.vsd](#))

## Jayathi Murthy, President Oregon State University

Oregon State University is home to Land, Sea, Sun, and Space Grant programs. Oregon Sea Grant is a collaborative program with NOAA that is administered by Oregon State University. Oregon Sea Grant is administered by the OSU Research Office and collaborates with the Division of Extension and Engagement. The Vice President for Research leads the Research Office and reports to the President. The Vice President of Extension & Engagement and Extension Service Director reports to the Provost who in turn reports to the President.

## Irem Tumer, Vice President for Research

[Irem Tumer](#), the VP for Research, is responsible for developing strategy and advocating for research while leading and managing the core functions of the research enterprise, including administration of OSU affiliated centers and institutes. Oregon Sea Grant is among the centers and institutes administered by the Research Office. The VP for Research supervises the Associate Vice President for Research, Finance, and Administration, [Jennifer Creighton](#), who supervises the Oregon Sea Grant Fiscal Officer.

## Edward Feser, Provost and Executive Vice President

[Edward Feser](#) is the chief academic and operating officer of Oregon State University and oversees progress on the University's strategic goals in education, scholarship, engagement, internationalization, and institutional reputation. In partnership with Vice President for Finance and Administration, the Provost also ensures that the financial resources and administrative and physical infrastructure of OSU are closely aligned with the OSU mission as a leading land grant research university with a focus on inclusive excellence and the deep integration of research, teaching, and engagement. The Provost supervises the VP for Extension & Engagement and Extension Service Director.

## Ivory Lyles, Vice President of Extension & Engagement and Extension Service Director

[Ivory Lyles](#), the VP of Extension and Engagement, provides strategic leadership and oversight of the university's community engagement mission and directs the statewide OSU Extension service. The VP of Extension & Engagement has a dotted line (communication and collaboration) relationship with the Oregon Sea Grant Director and the Oregon Sea Grant Associate Director of Extension & Engagement. [Wiley Thompson](#), Extension Regional Director for the Oregon Coast, reports to VP Lyles and co-supervises Oregon Sea Grant Extension

specialists whose positions are county-based with Oregon Sea Grant's Associate Director of Extension & Engagement.

## Karina Nielsen, Director Oregon Sea Grant

[Karina Nielsen](#), the Oregon Sea Grant Director, is responsible for developing strategy and partnerships, and advocating for the program, while leading and managing the core functions of the Oregon Sea Grant program. The director is supervised by the VP for Research. The director is a member of the Oregon Sea Grant Leadership Team whose members include the three Associate Directors and the Fiscal Officer. The Oregon Sea Grant Director and Leadership Team also receive input and guidance on issues important to the Sea Grant mission and goals from an Advisory Council of community volunteers. The following positions are supervised by the Director:

- Vacant, Project Coordinator

The position is responsible for supporting the Director and three Associate Directors in project management, event coordination, and scheduling. This position supervises:

- Cathy McBride, Administrative Program Specialist
- Marlene Jaspersen, Office Specialist
