OREGON SEA GRANT: Scholars Program

Supporting a Healthy Future for Our Oceans, Oregon Sea Grant’s Scholars Program supports graduate and undergraduate opportunities in coastal science, management, and policy.

**Mission:** The Oregon Sea Grant Scholars Program will increase the number and diversity* of higher-education graduates who are work ready, trained in, and able to apply marine science, policy, management, and outreach skills to the most pressing coastal and ocean issues facing Oregon and the nation.

*Diversity refers to persons from various cultural, ethnic, and socioeconomic backgrounds who contribute a diverse perspective stemming from various lived experiences, skills, and interests.*
Knauss Marine Policy Fellowship

What is it? An esteemed, one year fellowship that matches highly qualified graduate students with "hosts" in the legislative and executive branches of government located in Washington, D.C.

Who is eligible? Any student, regardless of citizenship, is eligible to submit to this opportunity if:

• The student is enrolled towards a degree in a graduate program at any point between the onset of the 2022 Fall Term and February 16, 2023;
• The graduate degree will be awarded through an accredited institution of higher education in the United States or U.S. Territories, and;
• The student has an interest in ocean, coastal, and Great Lakes resources and in the national policy decisions affecting those resources.

How to Apply: eSeaGrant

• Register for eSeaGrant – email a declaration of interest to eseagrant@oregonstate.edu at least one week prior to application deadline (even if you already have an eSeaGrant account).

Log in at: eseagrant.oregonstate.edu

1. Select the fellowship that you are applying to and start your application

2. Start early and save often (save a copy of all materials to your computer to avoid losing any content if there are any technical difficulties with the site)

3. Request all letters of recommendation in eSeaGrant.
   • Your letter writers will get a personalized link from eSeaGrant to upload a PDF of their letter.
   • They will need to hit SAVE & SUBMIT to complete the process.
   • Communicate with them early and often—you’ll be able to track the status of each letter.

4. Submit all materials by the application deadline (you can submit early and revise materials until the deadline)

5. Contact us with any questions!
Knauss Fellowship Letter of Recommendation

Two letters of recommendation, including one from a faculty member with knowledge of the applicant's academic and research (when applicable) performance. Letters of endorsement from members of Congress, friends, or relatives will not be accepted. The letters should not include personal contact information or web links to external resources (e.g., LinkedIn, articles, blogs, etc.).

Letters of recommendation will be submitted through eSeaGrant and must be received by February 19 at 5:00 pm PST. Please select that date when sending out your request and be sure to provide your letter writers with adequate time to submit their letters. Any letters beyond the two letters of recommendation will be disregarded by the selection panel. Letters of endorsement from members of Congress, friends, or relatives will not be accepted.

Instruction For Document Provider

Please submit your letter of recommendation by using the File Upload option and clicking "SUBMIT." If the applicant requesting the letter of recommendation attached a supporting document for your review (e.g., CV), you will find it attached under "Supporting Document." You may close the webpage after you see your submission status located near the top of the screen switch to "submitted." You will also receive an email notifying you that your letter was successfully submitted.

IMPORTANT: We only accept files in portable document format (PDF), and letters must be received no later than February 19 by 5:00 pm PST. Letters submitted after this deadline will be considered late and disqualified the application. Please note that the student requesting the letter may have provided you an earlier due date through the eSeaGrant system for convenience. However, the date listed here is when all materials must be received for the application to be considered. Please title this document the Student's Last Name, Recommendation, Your Last Name.
Reviewers evaluate applications based on a set of weighted criteria centered around the fellowship priorities and application requirements. These are often listed in the NOFO or RFA.

Use the entire application (CV, letters of recommendation, etc.) to illustrate how you align with the fellowship. Draw on your academic and professional accomplishments as well as life experience.

The Bottom Line:
Reviewers want to know what you would get out of this fellowship that you wouldn’t get somewhere else.

Reviewers want to know how you would uniquely benefit their host office or the fellowship program.

What you get and what you give
