

TIMES OF CHANGE

As we all continue to adapt to these challenging times, we are grateful for our incredible group of volunteers! Even though we are currently unable to join together, supporting each other from a distance and knowing that eventually we will all be back in our educational roles makes a huge difference! When we do continue our good work at Hatfield, things will look slightly different in order to keep everyone safe. We are in the planning process of what that will entail. We will keep you up to date once we have confirmed information on a set timeline. For now, please know that we are anxiously awaiting your return. Stay safe and healthy!

MOVING ON

During these times of change, we say goodbye to two of our staff members, Morgan and Sydney. We are sad to see these talented ladies move on, yet we are excited for their new adventures ahead! Many of you had the opportunity to connect with Morgan before she left. She enjoyed working with you all and plans to come back and visit once we are open again.

Here is a message to all of you from Sydney.

I just wanted to say farewell and thank you to all of the wonderful volunteers and staff at Hatfield that I've had the pleasure of knowing over the past couple years. I will truly miss working with all of you so much, and hope so see many of you when we come back to visit! I am so grateful for the opportunity to get to know so many of you and learn so much from you.

Not only have you all taught me so much about Hatfield, our marine ecosystems, the local community, but you have also supported my family and I throughout many transitions. Thank you for showing me true community and thank you for serving Hatfield so well. See you soon!

VIRTUAL LEARNING OPPORTUNITIES

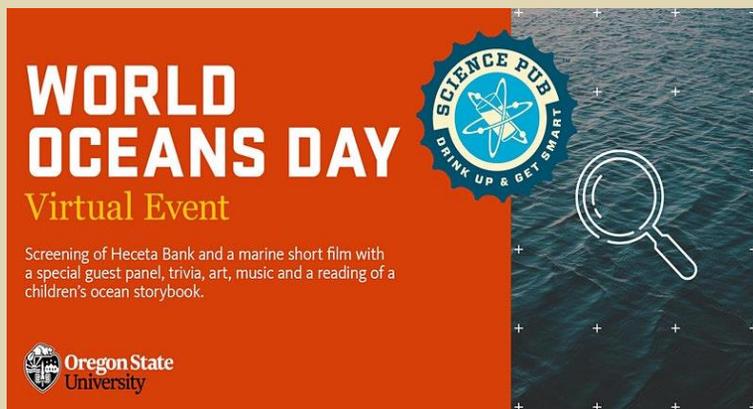

Careers in Science Investigation:

Watch the Webinar Recordings here: <https://seagrant.oregonstate.edu/visitor-center/marine-education/career-day>

HMSC Thursday Seminars:

For upcoming seminars, see the volunteer email list serve notifications from Cinamon Moffett. For recordings of past Thursday Seminars visit: <http://hmsc.oregonstate.edu/pastseminars>

World Oceans Day: This year's theme is "Innovation for a Sustainable Ocean." Join us on Monday, June 8 at 6:00 PM for a special OSU Science Pub World Oceans Day Virtual Event.

This evening event will feature a screening of Oregon State Productions' Heceta Bank and a companion short OSU produced film, guest Q&A panel, trivia, art, music, and a special reading of a children's ocean storybook. [REGISTER HERE](#)
