

Plop the Invasion Begins!

Name _____ Date _____

ACTIVITY DISCUSSION QUESTIONS

Instructions: Answer and discuss the following questions.

- 1 Share three facts you learned about invasive species, bullfrogs, impacts and/or population expansion.
- 2 What role do humans play in the introduction of invasive species?
- 3 What impacts do bullfrogs have on their local ecosystems?
- 4 What factors can limit/increase the spread of bullfrogs?
- 5 Why is it important to detect small populations of invasive species early?
- 6 Can some of these factors be prevented? How?
- 7 What can you do to prevent the spread of bullfrogs?
- 8 During the course of the game, you may draw a card that has you poison your pond to kill all of your bullfrogs. Do you feel that this was a good management decision? Why or why not?
